DIGITAL PRINT

No film, No plates, No make-ready. Print on demand is 100% digital and designed to print both large and small quantities cost effectively with fast turnaround times.

Small print run capability means you only request what you need, when you need it. This ensures that your printed materials are always current. There'll be no waste through obsolescence.

We can archive your materials digitally. Then, when you need more printed or should you need to make changes, we simply make the changes, and supply you with a proof to check or begin printing immediately.

Some of the job types that suit our digital press are:- Short Book Runs, Training Materials, Software Manuals, Newsletters, Conference Materials, Proposals and Reports and Research Documentation.

Computer digital colour output

	1st off	1 - 6	7 - 12	13 - 25	26 - 50	51 - 100

FINISHING

Encapsulation

Prints, leaflets, menus and posters etc. can be totally sealed in clear plastic making them flexible, hardwearing and waterproof. A clear plastic border is left on the encapsulation.

Mounting

Artwork, prints, exhibition panels and copies can be mounted on to card foamboard or foamex for rigidity and presentation.

Pop-up stands are also available

Laminating

Available in matt or gloss, a laminate provides a protective surface over the original or copy. Ideal for inkjet output and exhibition panels

Binding

Plastic or wire ring binding with or without acetate front sheet and card back is available for documents or reports. **Thermal binding** comes complete with an acetate sheet and card back and pages are secured with a glue spine.

Book binding with foil blocking is also available and is ideal for school year books

Encapsulation

OTHER SERVICES

Colour Copy and Print Leeds have many different ways of finishing your work, from Binding to Booklet making and from Mounting to encapsulating we have it all.

Booklet making has moved on at Colour Copy with the introduction of our square edge finishing system. This machine offers an automatic guillotine and the square edge folding ensures that your booklets lay flat with a unique spine.

We have also recently acquired a new cutter and creaser which allows us to create tent cards, greeting cards and custom business cards.
